

Hasan Sbaity

Experienced Full Stack Developer

Location: *Beirut, Lebanon* | **Email:** *hasansbait2001@gmail.com*

Phone: *+961 78 956 678*

SUMMARY:

Self-taught Full Stack Developer with over 2 years of remote experience building and deploying modern web and mobile applications. Skilled in React.js, Next.js, Node.js, MongoDB, and Laravel, with hands-on experience delivering MERN projects, Next.js projects, and React Native apps. Strong problem-solving abilities, fast learning skills, and a commitment to writing clean, efficient, and scalable code.

Experienced in leveraging AI-powered development tools and prompt engineering techniques to improve productivity, code quality, and delivery speed.

SKILLS:

- React.js, Next.js, ReactNative, Node.js, .NET, MongoDB
- Deployment, Docker, GIT
- **AI-Driven Development:** Leverage AI tools to accelerate development, improve code quality, automate workflows, and enhance problem-solving efficiency.

WORK EXPERIENCE:

Full-Stack Web Developer

📅 2023 - Present

- Designed and developed dynamic, responsive web applications using React.js, Next.js, Node.js, Express.js, and MongoDB, delivering modern UI experiences and scalable backend functionality.
- Developed and extended backend features using Node.js and Laravel (PHP), improving system performance and enabling new business workflows.
- Collaborated closely with clients to gather, analyze, and translate requirements into complete, end-to-end software solutions tailored to their business needs.
- Deployed and managed full-stack applications on various hosting platforms, ensuring high performance, reliability, and smooth CI/CD workflows.

React-Native Developer

📅 2024 - Present

- Designed and developed cross-platform mobile applications using React Native, delivering smooth UI/UX and reliable performance on both Android and iOS devices.
- Ensured high code quality through component reusability, clean architecture, and continuous optimization for performance and responsiveness.
- Managed the full mobile app deployment lifecycle, including build generation, versioning, preparing release notes, and publishing to Android and iOS stores where applicable.

STRENGTHS:

- **Full-Stack Development:**
Experienced in building complete web and mobile applications using React.js, Next.js, Node.js, MongoDB, and React Native.
- **Fast Learning & Adaptability:**
Self-taught developer who learns new technologies quickly and adapts efficiently to project requirements.
- **Deployment & DevOps Basics:**
Hands-on experience deploying full-stack applications and managing hosting environments.
